At Casa Pro, we've redefined the homebuilding experience:

Delivery Transparency, Like Ordering Takeout

- Real-time inventory checks: Order in-app with live stock updates.
- Track your truck:" Your teak flooring is on Highway 10-arriving in 2 hours."

One App, Your Entire Home Designed

- Upload your floor plan; AI generates a 3D render in 30 seconds.
- Pro designers refine it live — until you say "This is it".

Precision Down to the Millimeter

- Laser-measurement teams capture every detail, error-free.
- Floors, cabinets, and fixtures auto-match dimensions for seamless fits.

Professional Service:

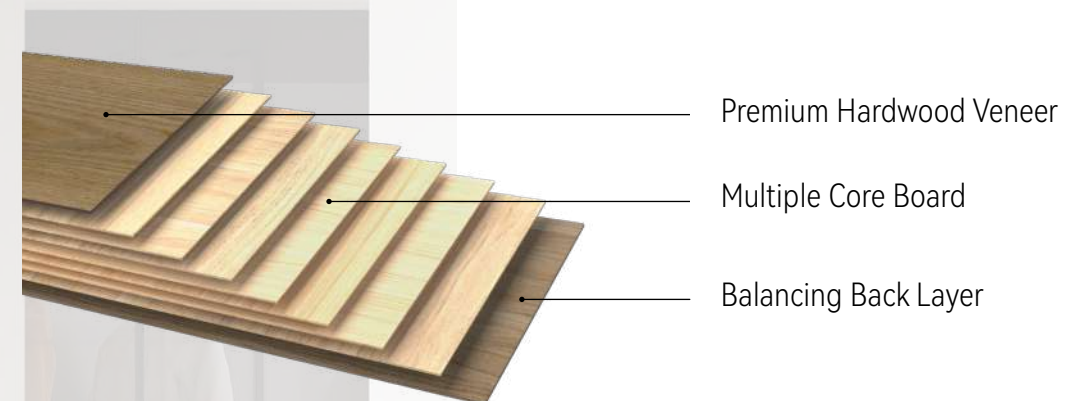

We Are Committed to Addressing Any Challenges You Encounter
in Your Renovation Projects and Providing Efficient One-stop Solutions.

INDOOR

ENGINEERED HARDWOOD FLOORING

Discover the perfect harmony of nature and innovation with our engineered hardwood flooring. Meticulously crafted in an array of premium wood species, finishes, and widths, each plank brings authentic warmth and distinctive character to any space, from cozy bedrooms to high-traffic commercial areas.

STOCKTON · CALL 844 959 2272 FOR PRICING

• Complete Quality Control

We manage every step from veneer sourcing to core production for perfect floors.

• Responsible Wood Sourcing

All materials come from Lacey Act certified sustainable forests.

• Ultra-Durable Protection

Aluminum oxide finish resists scratches while keeping maintenance simple.

• Unbeatable Warranty Protection

5-year residential and 10-year commercial coverage for total peace of mind.

Kitchen SINK

Designed with thoughtful proportions and smooth, durable surfaces, the sinks adapt seamlessly to different spaces and workflows. Single or double bowl configurations allow flexible use, while undermount and topmount options blend naturally with your countertop. Crafted to handle everyday tasks with ease, each piece balances practicality and subtle elegance, making the kitchen experience more intuitive and comfortable without drawing attention away from the overall design.

DECKING

Engineered for long-term outdoor durability, the decking delivers structural strength, fade resistance, and premium wood-inspired aesthetics. Designed for residential and light commercial applications.

- **Advanced Slip Resistance**

Textured anti-slip surface improves safety in wet or poolside environments.

- **High-Traffic Durability**

Scratch-resistant coating withstands heavy foot traffic and daily wear.

- **Natural Wood Aesthetics**

Realistic grain texture and matte finish deliver a premium outdoor look.

- **Hidden Fastener System**

Creates a clean surface appearance without visible screws.

- **Fade & Stain Protection**

Protective layer prevents discoloration and common outdoor stains.

- **Thermal Stability Control**

Designed to minimize expansion and contraction in changing climates.

FENCING

Designed for structural reliability in outdoor environments, HDPE co-extrusion WPC fencing offers dimensional stability, streamlined installation, and long-term performance with minimal upkeep.

• Superior Privacy Protection

Full-coverage panel design blocks visibility and enhances backyard security for families and pets.

• Reinforced Structural Strength

Engineered core construction delivers high wind resistance without warping or cracking.

• Low-Maintenance Performance

No painting, sealing, or staining required, built to perform year after year.

• UV Fade Resistance

Advanced surface protection minimizes fading under prolonged sun exposure.

• Weatherproof Durability

Resists moisture, rot, and seasonal temperature changes.

PERGOLA

Engineered for quick installation and long-term durability, this aluminum louvered pergola system combines structural strength with easy assembly. Double-layer louvers, a premium powder-coated aluminum frame, and an integrated concealed gutter system ensure enhanced insulation, weather resistance, and efficient drainage. Manually adjustable louvers provide precise sunlight and shade control, making it ideal for residential, commercial, and light industrial use.

• Reinforced Double-Layer Louvers

Dual-layer blades enhance overall strength while improving heat insulation.

• Premium Aluminum Frame

Weather-resistant, powder-coated aluminum posts ensure long-term durability.

• Integrated Drainage System

Built-in concealed gutters ensure efficient water flow and prevent leakage.

• Adjustable Sunlight Control

Manually adjustable louvers (0°–90°) allow flexible control of light and shade.

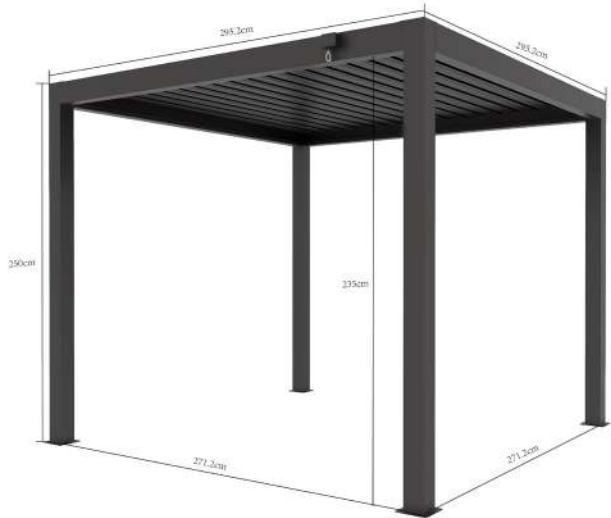

• Fast & Easy Installation

Designed for quick setup.

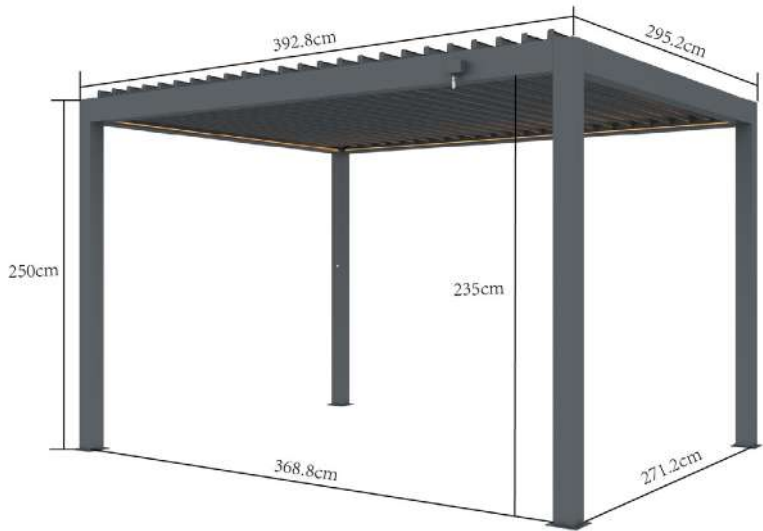

Double Layer Louver Blade: 180 × 36.2 × 1.1mm
Side Beam (Manual): 150 × 33.5 × 1.3 mm
Side Beam (Motorized): 165 × 56 × 1.5mm
Water Gutter: 57.8 × 29.5 × 1.3mm
